## LARGE DAMAGE SUIT AGAINST PROMINENT PEOPLE

A suit asking for damages in the sum of \$100,000 for alleged alienation of affections of her husband, Douglas K. Clay, has been filed in the office of Circuit Clerk Wm. H. Webb, in this city, by Mrs. Jane Adams Clay, against Mrs. Sallie M. Clay, of Paris. The amount asked for in the petition is said to be the largest ever presented in similar litigation in this Court. Mrs. Clay is at present at the home of her parents, in Frankfort.

A suit for divorce from Douglas K. Clay has been filed in the same office by Mrs. Jane Adams Clay, the petition alleging cruel and inhuman treatment. The papers in both cases were prepared by the legal firm of Hinton, Bradley & Bradley, of Paris, representing the plaintiff. The defendant will be represented by E. M. Dickson.

## MARCH TERM OF BOURBON CIRCUIT COURT.

The March term of the Bourbon Circuit Court will convene on Monday, March 8, for a three-weeks' session. The docket for this term is made up as follows: Old equity cases, 203 old equity appearances, 40; old ordinary cases, 59; old ordinary appearances, 46. The commonwealth docket comprises thirty cases, said to be the smallest that has ever been called in this court. Only a few of these cases will stand for trial. About seven examining trials have been filed for the Grand Jury to pass upon. On the docket there are ten divorce suits. A number of suits of varying nature have been filed for hearing at this term, but none are of a sensational nature that would interest the general public. The Court has a very busy term in prospect.

W. M. Phillips, of Lexington, reports the sale of a Franklin touring car to J. O. Marshall, of Paris. Smith Bros., of Lexington, reports sale of a 2½-ton Armored truck to the Mansfield-Jefferson Lumber Co., of Paris. The Mammoth Garage, of the same place, sold recently to Mrs. Jasper Offutt, of near Paris, a Special Six Studebaker Sedan.

## PUBLIC SALES.

Auctioneer M. F. Kenney conducted the public sale Saturday on the premises on the Winchester pike, near Paris, for Miss Letitia Clay, of livestock, etc. Horses sold for \$60 to \$75; cows, \$55 to \$80; one sow and eight pigs, \$75; chickens, \$1.50 each; household effects and farming implements brought good prices.

Auctioneer George D. Speakes, of the firm of Harris & Speakes, conducted the public sale Friday afternoon, on the premises, near Hutchison, of the livestock, crop, etc., belonging to Hamilton Willett. There was a large crowd in attendance, and good prices were realized. Horses sold from \$15 to \$18 a head; head; baled hay, \$40 a ton; sheaf oats \$41.25 a ton; corn in crib \$9.75 a barrel; 125 chicken hens sold for \$1.15 each; turkey hens, \$5 each; one turkey gobbler, \$8. Farming implements brought very good prices.

Good prices were realized Saturday at the sale of livestock, crop, etc., belonging to U. G. and M. C. Saunders, conducted on the premises, near Paris, by Auctioneer Chas. Peters, of Flemingsburg. Horses brought from \$25 to \$280 a head; sheep, \$20 to \$27.80 a head; hogs, 14 cents a pound; cows, \$120 to \$170 a head; two-year-old mules, \$125 to \$150 a head; farming implements brought good prices. The attendance was good, despite the disagreeable weather.

## NOTES FROM THE PARIS HIGH SCHOOL.

The Paris High School has again increased her lead in the State Y. M. C. A. Bible study contest. Paris now stands twenty-six points ahead of the next school in the race, making gains of twelve points last week. Two beautiful silver loving cups will be given the winning schools in this contest by the State Y. M. C. A.

The Karyl Orchestra, from the Redpath Lyceum Bureau, gave the third entertainment in the Paris Lyceum auditorium Friday evening. By far the largest audience of the season was present and the concert was enjoyed by everyone. There is no organization before the American people of to-day of this type that excels the Karyl Orchestra.

On next Saturday, March 5, Dr. Coldman, one of the foremost pastors of Brooklyn, New York, will be here for a lecture, making the fourth of the series. It has been a long time since Paris has had a more distinguished visitor.

## COUNTY REPUBLICANS MEET IN MASS CONVENTION.

Pursuant to call Bourbon County Republicans met in mass convention in this city at the court house Saturday afternoon at 1:30 o'clock, for the purpose of selecting delegates to attend the State Convention to be held in Louisville, and to select a new county committee and officers to serve for the ensuing year.

The convention was called to order by Stapp Moore, Chairman pro tem who presided in the absence of his brother, N. A. Moore, County Chairman. The call for the convention was read by the Secretary, Winn Hutchcraft. A series of resolutions approving the administration of Governor Edwin P. Morrow, endorsing his policies, and congratulating the party upon its chance to name a successor to President Woodrow Wilson, and other matters of county, State and National importance, was offered by Judge H. Clay Howard. The resolutions were adopted by a unanimous vote of the convention.

The county organization was effected by the selection of W. A. Thomason, of the North Middletown vicinity, as Chairman of the County Executive Committee, Hugh Campbell, of Paris, Secretary, and Dan W. Peed, Jr., treasurer. The following were selected to serve as members of the County Committee from their respective precincts: Paris No. 1, Winn Hutchcraft; Paris No. 2, James M. Templin; Paris No. 3, Stamps Moore; Paris No. 4, J. W. Oakley; Paris No. 5, Geo. H. Johnson; Paris No. 6, Chas. P. Mann; Millersburg No. 1, Albert Moffett; Millersburg No. 2, Jos. D. Booth; Little Rock No. 1, Edwin Thomson; Little Rock No. 2, Forest Day; North Middletown No. 1, J. M. Murphy; North Middletown No. 2, W. R. Tuttle; Clintonville No. 1, Letcher Weathers; Clintonville No. 2, Geo. K. Jones; Hutchison No. 1, W. K. Rice; Hutchison No. 2, George Watkins; Centerville No. 1, Dee Hume; Centerville No. 2, James Kenton; Ruddles Mills No. 1, Quincy Mahorney; Ruddles Mills No. 2, Rolla Kenton.

The following were selected as delegates to attend the State Convention in Louisville: W. A. Thomason, N. A. Moore, M. R. Jacoby, John M. Brennan, Hugh Campbell, Stamps Moore, George W. Stuart, James H. Shea, C. O. Wilmoth, Wyatt Thompson, Albert Moffett, J. Lawrence Horton, W. E. Tuttle, Dr. J. M. Williams, J. D. Shy, Carl Williams, Winn Hutchcraft, Dan W. Peed, Jr., John Yerkes, Carl Snapp, Letcher Weathers, Frank Clay, H. T. Ingram, James Stivers, Ed. Gorey, W. G. Goodloe, James Templin, Stanton Runnans, Dr. M. H. Dailey, A. J. Pee, Douglas Clay, Sam Weaver, James Grinnell, Pat Kane, C. P. Mann, George Leeds, Judge H. Clay Howard, George W. Wilder, J. H. Bell, Marion Day, Charles Doyle, J. D. Booth, George Watkins, Clay Owens, Andrew Reffett, Jr., Ora Wagoner, Luther Moreland, Ewalt Haley, J. W. Napier, James Cleaver, Charles Kuster, Roy Lowe, Robert Goggin, George Nelson, George Johnson, James Duncan, Richard Kelley, J. W. Calamese, John Purcell, C. Alexander, J. D. McClintock, J. G. Metcalf, Robin Horton, Thomas Whaley and Elmer Shumate.

In selecting Mr. W. A. Thomason, of the North Middletown precinct, as Chairman of the County Executive Committee, the Republican party of Bourbon county has set a high mark to be shot at. In all the county there is no man more highly regarded as a level-headed, courageous, thinking and plain spoken business man, one whose partisanship has merely consisted in being a straight-out working Republican, always with the interest of his party at heart. He is a successful, self-made man, coming up in the world by hard knocks, and "learning how" by actual experience. He is the Kentucky representative of large Eastern packing concerns, and of the Consolidated Dressed Beef Co., of Philadelphia. Being an expert in this line he buys annually a large number of the best cattle in the State for his firms.

Mr. Thomason is one of the staunchest Republicans in the county, and has given largely of his time and means to promote the interests of his party in all its campaigns, county, State and National. He is a man of liberal views, and his political opponents have no cause to find fault with him for that. He does not believe in autocracy, but does believe in the principles and faiths of the Republican party. He has associated with him as members of the Committee men who will respect his views, and work hand-in-glove with him. His position should add prestige to the Republican party in Kentucky and will add strength to the ticket to be selected. Republicans say the Democrats had better watch Thomason and not go to sleep on their jobs.

## REAL ESTATE TRANSACTIONS.

Harry L. Mitchell sold Saturday to J. G. Myers, a home and lot on Kentucky avenue, in Rosedale Addition to Paris, for \$1,500.

Through the Harris & Speakes real estate agency, Mrs. A. H. Barclay sold Saturday her eight-room frame residence on Mt. Airy avenue, to Ed. Speakes, for \$3,000.

John J. Mahar sold Friday, through the Paris Realty Company his one-story frame cottage located on Winchester street, to Shirley Hagan, for \$2,500, for possession early this month.

The frame cottage on East Eighth street, owned by Strother Paynter was sold privately recently to Ollie Snapp for \$2,000. Mr. Snapp recently sold his home on Winchester street. He will move to the new home as soon as possession is given.

Sam Martin, of Bourbon county, purchased of James Glover, through the Scott & Adcock real estate agency, of Winchester, his home on Pendleton street, in that city, for a consideration of \$2,500. Possession will be given this week. Mr. Martin will move to the property.

Through the George Motch real estate agency, of Winchester, G. G. Hanks sold his property known as the L. A. Soper general store at Little Rock, this county, and will move to Winchester, where he has become associated with the Mahan Supply Co. Mr. Hanks and family will occupy the Quisenberry home in Winchester.

Auctioneer M. F. Kenney made the following sales of county property at the court house door in this city Saturday morning: The colored school building in Ruckerville, to Thomas Kelly for \$830; the colored school in Clayville to John M. Stuart for \$605; the colored school building in Amensville to E. P. Claybrook, for \$130; the Sidville colored school building, without the lot, to Matt Holmes, for \$82.

The Wm. Piper tract of twenty-seven acres of unimproved land, located at the intersection of the Paris and Lexington and the Harp and Innis pikes, near Hutchison, was sold by Harris & Speakes, at public auction Friday, to Isaac Willmott, for \$450 an acre. Preceding the sale the place had been sold privately by James McClure, the owner, to Thos. Smith, who owns the adjoining lands for \$400 an acre. Mr. Smith then resold it publicly at \$450 an acre.

Harris & Speakes and the Paris Realty Company held a combination sale of city property Saturday with George D. Speakes and O. H. Wyckoff as auctioneers. Although the weather was extremely disagreeable the sale was well attended, and good prices were realized. The sales were made in the following order: Half of double brick house on Pleasant street, to Walter Martin, for \$5,500; lot on Henderson street, to Oliver Argo, for \$533; two-story frame residence on Henderson street, to E. P. Harrison, for \$4,000; five-room cottage on Pleasant street to J. Walter Payne, for \$4,000; five-room cottage on Brent street, to Oliver Argo, for \$2,525; five-room cottage on South Main street, to Thos. Prather, for \$2,400. The sale was advertised in THE BOURBON NEWS.

## TWO FIRE ALARMS KEEP DEPARTMENT BUSY.

A telephone alarm yesterday morning called the fire department to the Dr. Campbell cottage on Cypress street, occupied by Mr. and Mrs. Jos. Williams and Mr. and Mrs. Bishop Delaney. Sparks from a defective flue set fire to the roof, causing small blaze, which was promptly extinguished with small property loss. Yesterday afternoon the department was called by an alarm from Box 24 to Connelley's Alley, where a tenant house occupied by colored people caught fire. A match carelessly thrown in a closet set fire to some clothing which communicated to a lot of rubbish. The fire was extinguished by the department before it had gained much headway.

## OFF FOR "SUNNYLAND."

Headed for the balmy breezes and the sunny clime of Havana, Cuba, Wallace W. Mitchell, cashier of the Farmers and Traders Bank, shook the dust of Paris from his shoes and bade the city farewell for a time. Mr. Mitchell goes to Cuba on a health-seeking and sight-seeing jaunt, and hopes to return greatly improved physically. During his absence his place in the bank will be filled by Owen L. Davis. Mr. Mitchell will be accompanied as far as St. Petersburg, Florida, by Dr. and Mrs. J. M. Williams, who will remain there for a short time for the benefit of Mrs. Williams' health.

## THE MASSIE MEMORIAL HOSPITAL FUND.

Don't stop giving just yet, but keep the good work going until that badly-needed \$20,000, and more, has been raised," is the slogan for the week of the Massie Memorial Hospital fund solicitors. They kept to their work through all kinds of weather, and in the face of all kinds of discouragement, but are bound to win through. Theirs is the spirit that knows no shrinking, no turning back, no hesitating. That amount has to be raised, and they are going to get it.

With the fund rapidly approaching the goal set for it the solicitors are redoubting their efforts. Many have not yet contributed who are in position to do so. These are asked to come forward and donate to this worthy cause. Paris needs the Massie Memorial, and the Hospital needs that \$20,000, and more. And it is going to get it. Come in with your subscription in any amount.

## KNOCKED DOWN BY AUTO

While playing with some companions in the street in front of the Fordham Hotel, James Delaney, a twenty-year-old boy, was knocked down and run over by an automobile driven by Newton Taylor. Although the machine passed directly over the boy, he luckily escaped with slight bruises and a bad scare. The lad ran right in front of the machine, Mr. Taylor being unaware of his presence until he felt the shock of the machine striking him.

## MARCH COURT DAY.

Slush and snow predominated as feature attractions for March Court day yesterday, to the discomfiture of the large crowd in the city. Very little stock, except work horses and the usual run of scrub animals, on the market. It was also "moving day" for many tenants on the farms, this subject and the tobacco markets engrossing the attention of most of the Court day attendants. Among the sales of the day were fourteen Jersey cows, sold by James and A. M. Peffer, at the Caywood & McClintock barns, in South Paris, at good prices. At the Thos. G. Morris livery stable Renaker Parks, of Cynthiana, sold fifty head of draft and general purpose horses at satisfactory prices. Caywood & McClintock sold at their South Main street barns eighteen head of three and four-year-old horses, for Grant W. Swina, of Anderson, Indiana, which averaged \$130 per head. They also sold fourteen head of cows averaging \$118 per head. Turney Bros. sold at the same place one pair of mules, to Henry V. Thompson, of Winchester, for \$692.50, one pair to Newt Rankin, of Carlisle, for \$510, and one to Cal Jones for \$230.

Auctioneer M. F. Kenney sold at the court house door, five shares of the capital stock of the Peoples Deposit and Trust Co., for \$251 per share, a high water mark for this stock. Merchants report a good day's business, collections excellent, and everybody seemed to have a plentiful share of money.

## LOCAL CONCERN TO ERECT WINCHESTER REFINERY.

Work is about to begin on a large oil refinery to be erected in Winchester by the Mutual Oil & Refining Company, of Paris, according to information given THE NEWS by officials of the Company in this city. The refinery is to be erected on a site located on the east side of Winchester, and the work will be pushed forward to a successful conclusion as rapidly as possible. Large quantities of building material and supplies are being forwarded every day to the site of the proposed refinery. The Mutual people confidently expect to have the plant in full operation before the first of next January.

This refinery is planned to have a capacity of five hundred barrels, to be increased to one thousand or two thousands daily. It will first be operated as a "stripping plant," but later, when equipped with modern machinery, will produce the different varieties of lubricating oil, paraffine and greases. The refinery will be supplied with crude oil from the Eastern Kentucky fields, which will be piped to the Winchester plant from the field. (1t)

## TO CREATE SYSTEM OF PUBLIC HIGHWAYS

The administration bill creating a permanent system of State highways of approximately 3,000 miles passed the House of Representatives Monday by a vote of 57 to 30. Nearly all of the votes cast against the measure were those of Democrats, who insisted that the bill should be reconsidered, as fifty-four amendments were offered to the bill.

Under the measure a State Highway Commission is created to be composed of four members appointed by the Governor two of whom shall serve for two years and two for four years. The members are to be appointed from four districts and must be selected from the two dominant political parties.

The chief officer of the department is to be a State Highway Engineer who will be appointed by the Highway Commission. The present commissioner of public roads is to hold office until the first of July.

The Highway Engineer is given power to designate roads and sections of roads for construction, to advertise and receive bids, and prescribe the rules and regulations for the care and maintenance of roads subject to the approval of the highway commission.

The substitute established a primary system of State highways which gives to each county in the State at least one main thoroughfare and laid out fifty-four projects. Five more projects were added to the bill by way of amendment.

In the scheme as outlined by the bill, Bourbon county will be placed in the following divisions:  
Precinct No. 20—From Shelbyville to Ashland, via Lawrenceburg, Versailles, Lexington, Paris, Millersburg, Blue Licks, Mayslick, Maysville, Ribolt, Vanceburg, Greenup.

Project No. 21—From Newport to Paris, via Alexandria, Falmouth and Cynthiana.

Project No. 30—From Richmond to Paris, via Winchester.

## JUNIOR RED CROSS MEETING AT CLEVELAND.

Junior Red Cross work, past, present and future will occupy two sessions of the convention of the Department of Superintendence, National Education, when it meets in Cleveland, Ohio, February 23 to 28.

This meeting is considered the most important educational gathering of the year. Exhibits of Junior work from all over the United States and also from the foreign countries will be displayed in the assembly rooms during the week. James M. Rule, director of Junior Membership at National Headquarters of the American Red Cross at Washington, will be in Cleveland for the meetings and the majority of the fourteen division directors of Junior activities are expected.

Tuesday morning, Junior work will be presented under the general topic of "Post War Education." E. U. Graft, Superintendent of Indianapolis City, will preside. Dr. John H. Finley, Commissioner of Education in New York, will be one of the principal speakers.

For the second Junior session Wednesday, February 25, Dr. Livingston Farrand, chairman of the Central Committee of the American Red Cross, Washington, Miss Annie Webb Blanton, State Superintendent of Instruction in Texas, and J. W. Studebaker, assistant superintendent of schools in Des Moines, are on the program.

A special Junior Red Cross moving picture and stereoscopic slides will constitute this session.

## CANTRILL WANTS SOLDIERS' SERVICES RECOGNIZED.

WASHINGTON, March 1st.—"If the Democratic administration had taken as much time and had been as slow in preparing for prosecuting a successful war as the Republican party has been in giving justice to the soldiers, sailors and marines who won that great victory, the German Kaiser Thursday would be military master of the world," said Congressman J. Campbell Cantrill, of Kentucky, in the House of Representatives Thursday in protesting against further delay by the majority in recognizing the service men of the recent war.

The House had under consideration a rule to take from the several committees to which they had been referred all bills pertaining to recognition of services of soldiers, sailors and marines in the World War and to refer all of them to the Committee on Ways and Means. The Democrats offered as a substitute that they be referred to a special committee to be appointed by the Speaker. It was claimed by Democrats that reference to the Ways and Means Committee was merely a camouflage for killing all the bills and refusing to act.

Mr. Cantrill specifically charged the majority with a deliberate intention to prevent legislation in behalf of the service men. "It is a command from the steering committee of this House to kill this legislation," he asserted, "just as the steering committee has commanded the Judiciary Committee, the Committee on Public Lands, the Public Buildings and Grounds Committee, the Committee on Education and other great committees of this House to bury legislation which the members of these great committees have stood for."

Mr. Cantrill called attention to the fact that the majority was being forced to some sort of action on the matter by Congressman Royal Johnson, of South Dakota, who was an officer in the army during the war. He said Mr. Johnson had expressed the intention to call a caucus of the Republican membership of the House had laid down the law, saying unless action was taken he would let the country know where the responsibility lies.

"It is at his request today," said Mr. Cantrill, "that you are trying to camouflage this proposition and make it appear to the country that you are going to do something for the ex-service men. I sincerely hope that you will."

Addressing the Republican majority, Mr. Cantrill said:

"You have now four months until your national convention. Do not put this thing off. I serve notice on you now that this side of the House will bring this question to your attention again. Bring in some kind of a bill between now and your national convention and pass it through the House for the benefit of the ex-service men. Do not bury the bills in the Ways and Means Committee."

## Showed Greatness in Youth.

At the age of 14, and when a sophomore at Cambridge, Francis Bacon left the university in disgust, declaring that the whole system of education was radically wrong at Cambridge and everywhere else. And Bacon lived to prove that he was conservatively right in his contention. Swift despised his teachers because he knew more than they did, and therefore had difficulty in securing a degree.

SECTION 2.—The cost of the improvement of the intersections of said streets, including the necessary drains, and one-half of the width of said street abutting other streets or alleys which run into, but do not cross said streets, and the cost of the improvement of that portion of said street which may abut upon property belonging to the City, and where the abutting owner is a public school, cemetery, County, State or United States, shall be borne by the City of Paris, Kentucky. The City shall also pay for one-third of the total cost of improvement after deducting therefrom the aforementioned portions of said cost. The remaining two-thirds of the cost of said improvement shall be paid by the assessment of a special tax upon the property abutting on said improvement in the manner provided by law. The materials to be used in such improvement of said streets shall be determined by the Board of Council upon receipt of bids.

SECTION 3.—The said taxes herein provided for to be assessed against

the abutting property may be paid on the ten-year payment plan in the manner provided by law, but the City's portion of the cost of said improvement shall be paid in cash upon the completion and acceptance of the improvement.

SECTION 4.—This resolution shall take effect when signed, recorded and published as required by law.

## PLEASE READ!

In order that there may be no misunderstanding as to the service guarantee which we give to purchasers of the Overland cars, and in order that there be no dissatisfaction with reference to just what is included in these guarantees, we respectfully request all purchasers to read carefully the following Service Guarantee.

THE SERVICE GUARANTEE

OF

Dickerson & Son

We will, within a period of ninety days, free of charge for labor or material, replace any parts found defective under the aforesaid standard Warranty which is set forth in the current catalogue. This guarantee, it is expressly understood, does not cover the free replacement or installation of any parts made necessary by ordinary wear and tear, lack of lubrication, or parts failing by reason of abnormal use, and in particular does not cover such work as grinding valves, cleaning motor, taking up connecting rod bearings, or work of similar description, the result of ordinary wear and tear, carelessness or improper use.

Defect as to workmanship and material on tops, paint and upholstery, shall be referred by Dickerson & Son to the Willys-Overland, Inc., for satisfactory adjustment. Accessories including tires, speedometers and storage batteries are guaranteed by their respective manufacturers.

For a period of ninety days from date of purchase all purchasing customers are requested to bring their cars in once a month, for free inspection; at which times we will carefully examine the condition of the car and will make all minor adjustments, free of charge, provided in making these adjustments our actual time consumed does not exceed three hours; in the event that the condition of the car requires more than three hours labor, we will charge only for the excess time. Materials used in inspecting car, such as oil, gasoline, grease, etc., will be charged for at current prices.

This guarantee is given with the distinct understanding that whether the work or repairs to be done or furnished free of charge on the car comes within this Guarantee, is a matter to be determined solely by us.

In conclusion we desire to state that it is our pleasure and intention to give each Overland owner courteous, fair and business-like treatment, and we can assure our patrons that this will be given.

## When you get Indigestion

A few tablets of "Pape's Diapepsin" brings relief almost as soon as they reach the stomach.

"Pape's Diapepsin" by neutralizing the acidity of the stomach, instantly relieves the food souring and fermentation which causes the flatulence, fullness, or pain in stomach and intestines.

"Pape's Diapepsin" helps regulate disordered stomachs so favorite foods can be eaten without causing distress. Costs so little at drug stores. (adv)

### STATE MEETING OF FEDERATION OF CLUBS.

The twenty-sixth annual meeting of the Kentucky Federation of Women's Clubs will be held at Madisonville, May 25 to 28, inclusive. That Madisonville succeeded in landing the big convention has been known for some months, but the date has just been fixed.

Work on the three-day program is now going forward and interesting announcements will shortly be made by Mrs. Lafon Riker, State president and those working with her to make this occasion memorable in the long list of brilliant meetings of which the federation may rightly boast.

### HANDSOME GIFT TO WOODFORD HOSPITAL.

The Versailles (Ky.) Sun says of Mr. Wm. E. Simms, brother of Mr. Ed. Simms and Miss Lucy Simms, and formerly of Paris:

"William E. Simms last week voluntarily made the handsome gift of \$10,000 to the endowment fund of the Woodford Memorial hospital.

"The following note from Mr. Simms to Miss Jo. Carter, president of the hospital board, which accompanied his check, shows the beautiful spirit in which his gift was made:

"Wednesday, Feb. 18, 1920.

"Miss Jo. Carter, president of the Board, Woodford County Hospital.

"My dear Miss Jo.: Enclosed I send you ten thousand dollars, which I should love to add to the endowment fund of the Woodford County hospital. It is sent in the earnest hope that I may contribute something to the welfare of our county. It would be a grateful expression for the happiness of life here and my love for our community.

"Most sincerely,  
"W. E. SIMMS."

"The splendid building of the Woodford Memorial hospital was a gift to the county from Mr. Simms' mother-in-law, the late Mrs. A. J. Alexander, Sr., and Mrs. Alexander's children and her son-in-law have been most liberal always in their contributions to the support of the institution.

"Our hospital has been an inestimable boon to the community and Mr. Simms' generous gift to its endowment fund will enable it to increase its efficiency and to further extend its beneficent aid to the sick and the suffering."

### DOUBLE BEAUTY OF YOUR HAIR

"Danderine" creates mass of thick, gleamy waves

In a few moments you can transform your plain, dull, flat hair. You can have it abundant, soft, glossy and full of life. Just get at any drug or toilet counter a small bottle of "Danderine" for a few cents. Then moisten a soft cloth with "Danderine" and draw this through your hair, taking one small strand at a time. Instantly, yes, immediately, you have doubled the beauty of your hair. It will be a mass so soft, lustrous and so easy to do up. All dust, dirt and excessive oil is removed.

Let Danderine put more life, color, vigor and brightness in your hair. This stimulating tonic will freshen your scalp, check dandruff and falling hair and help your hair to grow long, thick, strong and beautiful. (adv)

### THE POWER OF THE PRESS

"But the most universal agency in spreading the message of the Thrift and Savings movement has been the Press. In metropolitan daily and in country weekly have appeared uncounted news columns and editorial articles. The patriotic service of those who direct the policy of the American Press has never yet received its due praise, and in winning the nation away from wastefulness there is but given an added demonstration of high purpose and broad vision."

The above paragraph is taken from an address delivered by William Mather Lewis, Director of the Savings Division, Treasury Department. The Eighth Federal Reserve District, which is among the leaders in the sale of Treasury Certificates and War Savings Stamps, could not have made the splendid record it did had not the press of Missouri, Arkansas and Kentucky given the support it has. In the Liberty Loan campaigns this district was always first to go "over the top" and it is keeping up its reputation.

### MONTGOMERY COUNTY FAIR TO BE HELD IN JULY.

The directors of the Montgomery County Fair Association have selected July 21, 22, 23 and 24 as dates for the fair this year, which promises to be the largest ever held there. Especial attention will be given to the cattle show and liberal premiums will be offered for Short-horns and Herefords. There will be running and trotting races daily and every effort is being made to secure one of the largest carnival companies on the road.

**MAN GIVES LAST DOLLAR FOR THE BOURBON NEWS.**

Lexington, Ky., Feb. 19, 1920. Editor NEWS, Paris, Ky.

Dear "Speedy":—I hand you the only dollar I have in this world. Please send me THE BOURBON NEWS as long as this dollar can bring it. I have many mansions in Heaven, but even a Lexington preacher will not advance me any money on them. Sometimes I greatly fear that preachers do not value heavenly mansions as they should. Oh, "Speedy," can it be that they are like those worldly oil-stock promoters that are always sounding the praise of their wares and getting others to buy, but will not invest their own money therein? I certainly trust not. Have you any objection to me trusting you? That's nice; I didn't think you had. I will continue to "trust not."

You wish to know how I am getting along? Well, I am getting older every day. Since coming here twelve months ago, I have aged at least a year. Despite the efforts of our most skilled physicians and the tender ministrations of numerous trained nurses my tendency to grow older is by no means arrested. That you may be long spared a like fate is the prayer of one of the dandiest little prayers (when he's scared) you ever met in your life.

**RELIGIOUS.**

—The Ministers' Association of Paris met yesterday morning in the study of Rev. Arthur Fox, pastor of the Baptist church. At a meeting last week Rev. Arthur Fox was elected chairman of the council, and Rev. T. S. Smylie, secretary. The purpose of the meeting, which will be held monthly, will be "Fellowship, mutual helpfulness, and conference on problems of common interest with action on such when it may be deemed desirable." The regular meetings will be the first Monday in each month at 10:30 a. m., in the study of the Baptist church. Any one who has any matter to be brought to the attention of the ministers of the city is invited either to be present at one of these meetings, or to report it to one of the pastors.

In the presence of a large audience, and with the most impressive ceremonies, Rev. Theodore S. Smylie, was installed as pastor of the Paris Presbyterian church, last Sunday. In honor of the occasion, a special musical program was arranged and presented by the choir, while a quartet, composed of Mrs. Macie White Pithian, Miss Flora Hill, Robert Harbeson and Charles B. Mitchell rendered several selected numbers of an appropriate character. The constitutional questions were propounded to the new pastor by Rev. W. W. Morton, pastor of the Millersburg Presbyterian church. Rev. Morton also delivered the charge to the pastor. The charge to the congregation was delivered by Rev. Wm. N. Guerrant. Rev. Dr. J. Gray McAllister, Professor of Bible History in the Presbyterian Theological Seminary, in Louisville, preached both morning and night. Rev. McAllister took for his theme, "The Personal Side of a Man's Life," in which he compared the life and services of Moody, the evangelist, with that of Robert G. Ingersoll, the renowned agnostic, and showed how the former left behind him works that will endure forever.

—The deacons of the Presbyterian church will have a special meeting in the pastor's study this (Tuesday) March 2, at 7:00 o'clock, for the Presbyterian Progressive Program in the local congregation. The First Presbyterian church of Paris will enter enthusiastically into the program of the whole church for its seven-fold objectives. These goals cover practically the whole life of the church: Spiritual life, with the aim to have family worship in every home; Evangelism, praying and working for a large increase in professing Christians; Christian Literature; Striving to place the church religious papers in every home of the church; Christian education of the youth; Missionary education and information for all; Ministerial Relief and Support; An adequate salary for those who have given their life for the church and care for them in their old and feeble age; Every Member Canvass, meaning every member of the church giving something, the widow's mite or the rich man's thousands, for the work of the kingdom. The whole effort of the church during the next few weeks will be directed in an intensive campaign along these lines.

**AUTO COLLIDES WITH BARN**

Returning from Lexington, Saturday night in his new Marmon machine, James M. Caldwell, accompanied by Jos. W. Davis, Jr., figured in an accident in which his machine collided with a barn. A blinding snowstorm was in progress and the windshield of the machine becoming clogged with snow, made the driver mistake the whitewashed barn ahead of them for the snowcovered road. The machine crashed into the barn, damaging the machine about \$1,800. Neither of the occupants was injured. They returned to Paris, where the machine was sent to a garage for repairs.

**What's Your Farm Worth?**

What did your tobacco crop bring you? Do you know that the demand for export and the increased consumption of "Bright Leaf" forced unusually high prices and really FORCED the market above what it would have been under normal export and ordinary increase? You know that every abnormal market must react. Well that's history and part of it caused by the late war, but it all has to do with our question, "WHAT'S YOUR FARM WORTH?" If tobacco prices hold up, farm lands in Kentucky will continue to hold up. If the bright leaf market is lost by the destruction of cigarettes, farm lands will go down with falling prices. One farmer was bemoaning the increase in his land tax. He seemed to forget that land he bought for \$125.00 an acre now commands \$450.00. We can't keep it all. Even Uncle Sam wants his share. So if our land is valued at two or three times what we paid for it, we must pay higher taxes. That is settled. Now what will your farm land be worth if you cannot raise tobacco? Some folks are mighty busy already against tobacco, and we suggest that if you do not know what is going on, that you write the ALLIED TOBACCO LEAGUE OF AMERICA, Pickering Building, Cincinnati, O. If your farm is worth it—better keep posted anyway. Are you interested enough to write for information on "How To Keep Farm Land Producing Profits?" Be informed and then you will know and appreciate what is being done to conserve your farm investment. (2-4t)

**FIVE GENERATIONS REPRESENTED.**

An incident, remarkable for its rare occurrence, took place recently in the office of George W. Davis, undertaker, in this city. While waiting for conveyances to take them to the funeral of Mrs. Pearl Ross, who died in Chattanooga, Tenn., which was to be held at her old home, North Middletown, it was observed that there were five generations of the family present. The eldest was Mrs. Charlton H. Lowe, of Winchester, aged ninety-four, an aunt of the deceased.

**BIRTHDAY SURPRISE FOR POPULAR WOMAN.**

When Mrs. Thos. A. Higgins attended the afternoon vesper service at the Paris Catholic Church, Sunday, she was entirely unsuspecting of what was to follow. At the conclusion of the service Mrs. Higgins was taken in charge by a delegation of women from the congregation, and escorted to the Hall in the rear of the church. There she met the surprise of her life.

In recognition of her invaluable services to the church and its societies and the further fact that the day was the sixty-fourth anniversary of Mrs. Higgins' birthday, the ladies had arranged a surprise for her. The Hall was beautifully decorated, and a substantial luncheon was spread, to which the assembled guests did justice.

Robert S. Porter, the only member of the male sex present made an impromptu address, congratulating Mrs. Higgins and the ladies of the church, and throwing verbal flowers to everybody. Mrs. Higgins was the recipient of a number of handsome and useful presents. The occasion was thoroughly enjoyed by all.

**COUNCIL PROCEEDINGS**

The last meeting of the City Council for February was held in the Council Chamber Thursday night, with Mayor E. B. January presiding, and a full board of Councilmen present. After the transaction of of routine business the following building permits were granted: Sam Griffith, residence at Pleasant and Ninth streets, between Ninth and Tenth streets, to cost \$1,000; M. O. Biddle, garage on Twentieth street, to cost \$700.

City Clerk Hayden was instructed to proceed with the collection of all delinquent taxes, licenses and accounts. Mayor January was instructed to sign sewer bonds and return certified checks. The members of the police department were supplied with copies of the rules and regulations prescribed by the city relating to the enforcement of ordinances affecting automobile traffic. The contract for use of police telephones on Main street not expiring until July 1, the phones were ordered reinstated. The Council adopted a resolution ordering the reconstruction of Main street, and from Main street on Third street to Stoner avenue, the work to begin as soon as the weather permits.

The ordinance providing for the construction of High and other street named therein, which was given its first reading at a previous meeting was passed. A large number of claims against the city allowed and ordered paid. A large number of claims against the city were allowed and ordered paid. Mayor January vetoed a resolution passed at another meeting of the Council in which City Attorney Dundon was instructed to file suit to recover street assessment taxes from residents of Duncan avenue, who had declined to pay on the ground that the work was unsatisfactory.

**FOUR FINE Sires AT THE WIGGINS FARM.**

With the recent arrival at the Military Stock Farm of John Wiggins, near Hutchison, of the fine stallion, Imported Paicines, there is now quartered there four of the finest horses in Kentucky. Imported Paicines is a well-bred son of Sun-tar and Dreamy, dam of War Cloud, by Persimmon. He was purchased recently from A. K. Macomber, and sent by the owner to the Wiggins farm for service this season. He is a beautiful dark bay, standing sixteen hands, and is of faultless conformation, and comes from a long line of classical winners and successful English thoroughbred families. The animal is valued at \$40,000. The other three are Water-vale, Imported Flotsam and Ormesdale, all high-bred and good representatives of the best strains.

**BASKET BALL GAMES.**

The boys' and girls' basket ball teams of the Paris High School, accompanied by a large number of friends and rooters, went to Lexington, Friday night, when they met the teams of the Lexington High School in a double-header game on the Lexington floor. The games opened with a set-to between the girls teams of the two schools, resulting in a victory for the Paris lassies by a score of 12 to 5. In the boys games a remarkable exhibition of good playing was given by both teams. Paris threatened to come from behind in the last few minutes of play, after substitutes had been introduced by the Lexington team, but the timely blowing of the referee's whistle stopped their gains. The final score stood 24 to 16. The games were refereed by Coach Robert Hinton, of Georgetown College, a former Paris man.

The Paris High and Cynthiana High School teams will play on the latter's floor next Friday night. A large crowd of "rooters" will accompany the Paris team. In view of past performances Paris may be safely counted on to bring home "the roses and the victor's song."

The contest between the teams of the Paris High School and the Somerset High School on the Y. M. C. A. floor in this city Friday night, resulted in the Paris team carrying the score to a successful conclusion, with the final count standing 42 to 28. The game was one of the most brilliantly-played in the history of the local team, each member playing a "championship form" game. The play was refereed by Coach Andy Gill, of the University of Kentucky.

In their enthusiasm over the result, someone, just who, of course, remains a matter yet to be ascertained, painted the score in bright red paint on the show windows and side walks of a large number of Paris business houses, much to the just and righteous indignation of the occupant. It required the application of "much muscle" and other things to remove the war paint which the boys had applied.

## MILLIONS NEED PEPTO-MANGAN

In Many Homes Better Health Is  
Just Simply a Matter of  
Better Blood

PEPTO-MANGAN IMPROVES THE  
BLOOD.

Composed of Approved Blood-Mak-  
ing Elements—Put Up In  
Liquid and Tablet Form

Are you tired and weak and  
"blue?" Do you say to yourself,  
"What's the use of living? What do  
I get out of life, dragging through  
this drab existence in this unhappy  
way?"

You don't feel well and you don't  
know why you have so little energy  
to do anything, and you get all tired  
out before it is done. There are mil-  
lions in busy America that have  
such feelings now and then, and  
then, and they are to be pitied.  
But there is help. Unless some seri-  
ous malady is at the bottom of their  
trouble, a few weeks of Pepto-Man-  
gan will work a wonderful change.  
Pepto-Mangan puts new  
vigor into the blood, and the rich,  
is the life fluid. With plenty of rich,  
red blood coursing through one's  
body one is pretty likely to feel  
good and vigorous and be strong  
and look hearty.

Go to your druggist and ask for  
"Gude's Pepto-Mangan." Be sure to  
say "Gude's." If "Gude's" is not on  
the package it is not Pepto-Mangan.  
It is put up in both liquid and tab-  
let form. Tell the druggist which  
you prefer. There is no difference in  
medicinal value. (adv)

## HIGH COST OF LIVING STILL IN- CREASING.

The average family expenditure  
for food increased two per cent in  
the month ending Jan. 15, according  
to statistics made public at the  
labor department in Washington.  
This is an increase of 9 per cent  
over January, 1919, and 104 per  
cent, since January, 1913.

Comparisons of retail prices paid  
for forty-four articles of food, show-  
ed that twenty-nine had advanced  
since December 15, while eleven had  
decreased and four were unchanged.  
Prices of cabbage increased 33 per  
cent, potatoes 26; granulated sugar  
23; onions 11; lamb 8; hens 7; flour  
5; sirloin steak, rib roast, chuck and  
roast and bread, 4 each; round steak  
and raisins 3; rice 2; ham, evapor-  
ated milk, macaroni, baked beans,  
tea, coffee and bananas 1.

Decreases were reported in strictly  
fresh eggs, eight per cent; butter,  
five; lard and canned tomatoes,  
three; pork chops, storage eggs and  
oranges, two; fresh milk, canned  
corn, canned peas and prunes, one.

Articles of food unchanged in re-  
tail prices were oleomargarine, corn  
meal, corn flakes and navy beans.

## A TIMELY SUGGESTION

The next time you have a cough  
or cold try Chamberlain's Cough  
Remedy. It is pleasant to take and  
you are sure to be pleased with the  
relief which it affords. This reme-  
dy has a wide reputation for its  
cures of coughs and colds. (adv)

## KENTUCKY TRACKS WANT SIX- TY DAYS RACING.

A special from Lexington to the  
daily papers say:

"It is understood here that Ken-  
tucky race tracks will ask for sixty  
days of racing this spring and sum-  
mer, beginning at Lexington, April  
22, with thirteen days of racing.  
Churchill Downs will ask for twenty-  
eight. Application for these dates  
is to be made soon to the Kentucky  
Jockey Club."

Time is sometimes elusive, but  
most of us can find time to find  
fault. (adv)

## AKRON MAN GAINS SEVENTEEN POUNDS

Kelly Was Barely Able To Drag  
Around, But Feels Fine Every  
Day Since Taking Tanlac

"Talking about medicines that  
help people, the one I always recom-  
mend is Tanlac, for it set me  
right four years ago and has kept me  
in fine shape ever since," said C.  
W. Kelly, of 214½ Lake Street,  
Akron, Ohio, in a conversation with  
friends, recently.

Mr. Kelly has been in Akron for  
fourteen years. He is an influen-  
tial member of the Plasterer's Un-  
ion and well-known.

"Pretty soon after Tanlac was  
put on sale here," continued Mr.  
Kelly, "I began taking it and in a  
few weeks time my troubles left  
me and I found that I had actually  
gained seventeen pounds in weight,  
besides. Every few months, since  
that time, I have taken a little Tan-  
lac to insure my good health. I  
don't wait until I get to feeling  
bad—I take it while I'm feeling  
good and it keeps me feeling that  
way."

"I had been suffering for three or  
four years from indigestion, disor-  
dered kidneys and rheumatism. My  
appetite was gone, I had severe  
pains in my back and felt tired and  
worn out all the time. I could never  
get any sound sleep and always felt  
as tired in the mornings as when I  
went to bed at night. I was contin-  
ually losing weight and never felt  
well at any time. In damp weather  
my back and arms hurt so bad with  
rheumatism I couldn't sleep at all.  
My arms pained me so bad I could  
hardly get my hands up to my head  
and it was difficult, during these at-  
tacks, for me to work at all."

"Well, as I said, Tanlac soon re-  
lieved me of these troubles and I  
have been eating three hearty meals  
a day and feeling fine ever since.  
I used to come dragging in to my  
boarding house in the evenings  
hardly able to make it, but now you  
can see me stepping about as spry  
as a young man. I'll be sixty years  
of age in March, but no one takes  
me to be more than forty-five, and  
I can do as much work in a day as I  
ever could. When my friends ask  
me how I manage to keep in such  
good shape and look so young I al-  
ways tell them Tanlac is what does  
the trick and advise them to try it.  
I never have a pain of any kind,  
sleep like a log every night, and  
feel like working every day. I  
wouldn't think of being without  
Tanlac, for I just think it's the  
greatest medicine ever made."

Tanlac is sold in Paris at Peoples'  
Pharmacy.

## FREE BOOK SERVICE OFFERED BY STATE.

The State of Kentucky offers the  
use of books, free of charge, to rural  
communities and schools or any ed-  
ucational organization desiring book  
service. The Kentucky Library  
Commission is the distributing  
agency.

Books are loaned in traveling li-  
brary groups of 50 volumes each  
and for a period of six months. The  
borrower pays the transportation  
charges.

School libraries are made up to  
meet the demands of the elemen-  
tary, the graded and the high  
schools and may be borrowed upon  
application by the principals and  
the teachers.

Community libraries are planned  
for the use of the general public  
and include fiction, a few popular  
books of non-fiction and some books  
for young people.

The Commission reserves a gen-  
eral collection of non-fiction for the  
study and reference use of students,  
teachers, debating societies and  
clubs of all kinds. These books  
may be borrowed singly or in  
groups by individuals otherwise  
without library service and are  
loaned for one month with the priv-  
ilege of renewal, the borrower pay-  
ing parcel post charges.

The Commission desires to serve  
your community. Its books are for  
your use. Take advantage of the  
service offered.

For further particulars write to  
the Kentucky Library Commission,  
Frankfort, Miss Fannie C. Rawson,  
Secretary.

## ONE CENT POSTAGE FOR DROP LETTERS APPROVED

One cent postage for local or  
drop letters was approved by the  
Senate Postoffice Committee, which  
incorporated the reduced postage  
amendment of Senators Dial, South  
Carolina, and McKellar, Tennessee,  
Democrats, in the postoffice appro-  
priation bills.

Appropriation of \$1,400,000 for a  
transcontinental airplane mail route  
from New York to San Francisco  
also was written into the bill, and  
the committee adopted a subcom-  
mittee's recommendations abolishing  
other airplane mail services, with a  
proviso for private airplane con-  
tracts if transportation costs do not  
exceed railroad carriage.

The committee added an amend-  
ment creating a commission to in-  
vestigate mail transportation in met-  
ropolitan cities and terminals, in-  
cluding airplane, tube and tunnel  
projects.

## First Motion Pictures.

The motion picture was experimen-  
ted with and test exhibitions were pri-  
vately given in both this country and  
Europe in the early nineties, though  
it was not until 1895 that the inven-  
tion had so far advanced as to make  
a public exhibition practicable. The  
latter part of that year they were ex-  
hibited in Europe and America.

## COLBY APPOINTED SECRETARY OF STATE.

WASHINGTON, March 1st.—  
President Wilson again upset the ex-  
pectations of official and political  
Washington, last week by naming  
Bainbridge Colby, a New York attor-  
ney, who left the Republican party  
with Theodore Roosevelt in 1912,  
as Secretary of State.

The selection caused scarcely less  
of a sensation than the dismissal of  
Robert Lansing from the State por-  
tfolio two weeks ago, and was re-  
ceived with such undisguised sur-  
prise in the Senate, where the Pres-  
ident's choice must be approved be-  
fore Mr. Colby can take up the du-  
ties of office, that none of the lead-  
ers cared to predict when confirma-  
tion might be voted.

Not even among those on the in-  
side of administration circles had  
there been any expectation that the  
selection would fall on Mr. Colby,  
who told inquirers Wednesday that  
he himself had been given only a  
very brief notice of the President's  
intention.

Summoned to the White House, he  
spent an hour with Mr. Wilson, an-  
nounced that he would accept with  
a deep appreciation of the responsi-  
bility imposed upon him, and said he  
would have no further comment to  
make until the Senate had acted.

## Colby in Full Accord With Wilson On All Public Issues, He Says.

NEW YORK, March 1st.—Bain-  
bridge Colby, who was appointed Sec-  
retary of State last week by Pres-  
ident Wilson, said in an interview  
here Wednesday night that he was  
"thoroughly in accord with the  
League of Nations and all other of  
the President's views of public inter-  
est."

Mr. Colby came to New York City  
from Washington to be at the bed-  
side of his daughter, who is serious-  
ly ill.

"My sympathies have been with  
the President and his work," Mr. Col-  
by said. "This surely is clearly in-  
dicated by my appointment. There  
can be no other inference drawn  
from it."

When asked as to his political af-  
filiation, Mr. Colby said that he pre-  
ferred not to make a statement on  
this subject at the present time.

## LIFT CORNS OFF IT DOESN'T HURT

With fingers! Corns lift out and  
costs only few cents

Doesn't hurt a bit! Drop a little  
Freezone on an aching corn, in-  
stantly that corn stops hurting,  
then you lift it right out. Yes,  
magic!

A tiny bottle of Freezone costs  
but a few cents at any drug store,  
but is sufficient to remove every  
hard corn, soft corn, or corn be-  
tween the toes, and the calluses,  
without soreness or irritation.

Freezone is the sensational dis-  
covery of a Cincinnati genius. It is  
wonderful. (adv)

## KENTUCKY MEN TESTIFIED IN PACKERS' CASES.

Six Kentucky men testified before  
the Senate Agricultural Committee  
concerning the Kenyon and Ken-  
rick Bills to license and restrict  
business, according to a summary  
of the testimony issued by the In-  
stitute of American Meat Packers  
in connection with the hearings  
just opened by the House Agricul-  
tural Committee on the Anderson  
Bill, which is a parallel measure to  
the Kenyon Bill.

The witnesses from Kentucky were  
Henry L. Prewitt and Lemuel Tip-  
ton, Mt. Sterling; Walter Sharp,  
Sharpsburg; John Duvall, Winchester;  
J. M. Emmart, President, Louis-  
ville Provision Company, Louis-  
ville, and Warren Rogers, Paris.

The summary issued and now  
published for the first time shows  
that one hundred and ninety-five  
persons appeared before the Senate  
Committee. Of these, only about  
twelve criticized the packers and  
even of these twelve some were op-  
posed to licensing the packing in-  
dustry.

## WHY COLDS ARE DANGEROUS.

You are often told to "beware of  
a cold" but why? We will tell you:  
Every cold weakens the lungs, low-  
ers the vitality and paves the way  
for the more serious diseases. Peo-  
ple who contract pneumonia first  
take cold. The longer a cold hangs  
on, the greater the danger, especially  
from the germ diseases, as a cold  
prepares the system for the reception  
and development of the germs of  
consumption, diphtheria, scarlet  
fever and whooping cough. The  
quicker you get rid of your cold,  
the less the danger of contracting  
one of these diseases. Chamber-  
lain's Cough Remedy has a great  
reputation as a cure for colds and  
can be depended upon. It is pleas-  
ant to take. (adv)

## They couldn't be built now for twice \$71,000

When the talk turns from politics to railroads,  
and the traveler with the cocksure air breaks  
in with, "There's an awful lot of 'water' in  
the railroads," here are some hard-pan facts  
to give him:

American railroads have cost \$80,900 a mile  
—roadbed, structures, stations, yards, termin-  
als, freight and passenger trains—everything  
from the great city terminals to the last spike.

A good concrete-and-asphalt highway costs  
\$36,000 a mile—just a bare road, not count-  
ing the cost of culverts, bridges, etc.

Our railroads couldn't be duplicated to-  
day for \$150,000 a mile.

They are capitalized for only \$71,000 a mile—  
much less than their actual value. Seventy-one  
thousand dollars today will buy one locomotive.

English railways are capitalized at \$274,000 a  
mile; the French at \$155,000; German \$132,000;  
even in Canada (still in pioneer development)  
they are capitalized at \$67,000 a mile. The  
average for all foreign countries is \$100,000.

Low capitalization and high operating effi-  
ciency have enabled American Railroads to pay  
the highest wages while charging the lowest  
rates.

### Madagascar Turtles.

Some of the turtles of Madagascar are oval in form and very fat and plump; others are much thinner and flat. In order to catch them, the natives go out to sea in the early morning when the ocean is very smooth, and the turtles come to the surface to enjoy their morning nap.

### PLANNING FOR BIG DEMOCRATIC LOVE FEAST

Plans for a big Democratic love feast, to be held in Louisville on March 18, the day after the Legislature adjourns, when the party leaders from all over the State will meet and lay plans for the Presidential campaign, were made at a conference attended by prominent Democratic State leaders in Louisville.

All the Democratic leaders of the Kentucky Legislature, the Democratic editors of the State, and leaders representing all factions will be present, it was announced.

Homer S. Cummins, of the Democratic National Committee, is to be guest of honor and has sent his acceptance. Carter Glass has also been asked to attend, but has not yet been heard from.

According to the sponsored plan, a luncheon will be given the members of the Legislature on the day mentioned, followed by the banquet that night. The Democratic State and Executive Committees are to meet, after which a list of 26 men who are to serve as an Administrative Committee and have a big part in the direction of the Presidential campaign will be announced.

Colonel Harry Sommers, of Elizabethtown, was chosen chairman of the Publicity Committee and Judge Charles A. Hardin heads the Committee on Arrangements. Other members are P. H. Callahan, Harry Sommers and W. A. Catliff.

## STOMACH O. K.

Indigestion, Acidity, Sourness  
and Gases ended with  
"Pape's Diapepsin"

Millions of people know that it is needless to be bothered with indigestion, dyspepsia or a disordered stomach. A few tablets of Pape's Diapepsin neutralize acidity and give relief at once.

When your meals don't fit and you feel uncomfortable, when you belch gases, acids or raise sour, undigested food. When you feel lumps of indigestion pain, heartburn or headache, from acidity, just eat a tablet of Pape's Diapepsin and the stomach distress is gone.

The cost is so little. The benefits so great. You, too, will be a Diapepsin enthusiast afterwards.

### NEAR EAST RELIEF

#### ROBERT GRAF'S CREED

Robert Graf, a locomotive engineer of Celina, O., gave \$3,500, the proceeds from the sale of his home to buy an orphanage for the helpless babies of Armenia. The following extracts are taken from his reply to a member of Near East Relief who was reluctant about accepting the contribution:

"It seems to me a man doesn't get much out of this life unless he is willing to put something into it."

"The Lord has been pretty good to us, and its no use telling Him about it without demonstrating. He might be like the man from Missouri."

"We have been very careful to keep our standard of living close to the simple life, otherwise we would never have been able to give the Armenians or anyone else a boost. As you know a man in overalls doesn't usually get much more than he earns."

"Of course we could enjoy autos and high life, but after all, there is some satisfaction in just living in 'A' house by the side of the road."

"You know a man's got to stick his face up against the wind a good many times to earn \$1,500, and I just wanted to make sure the money was getting there, that's all."

"I'm a hard loser all right, and if I should ever find that things have been misrepresented, or any of the money gone astray I would feel pretty sore and no doubt raise the devil about it, but if we all hesitated or refused to take hold on that account, the Armenians would all be in Heaven or some other place by now."

### PARIS EVIDENCE FOR PARIS PEOPLE.

The Statements of Paris Residents  
Are Surely More Reliable Than  
Those of Utter Strangers

Home testimony is real proof. Public statements of Paris people carry real weight.

What a friend or neighbor says compels respect.

The word of one whose home is far away invites your doubts.

Here's a Paris man's statement.

And it's for Paris people's benefit.

Such evidence is convincing.

That's the kind of proof that backs Doan's Kidney Pills.

Phillip M. Heller, proprietor meat market, 722 Main street, says:

"I have used Doan's Kidney Pills a few times in the past and have been greatly benefited by them. At times my back was weak and lame and the kidney secretions passed too frequently, making me get up often at night. I have used a box of Doan's Kidney Pills at those times and they have always rid me of the complaint. I think they are a splendid kidney medicine and gladly recommend them."

### TRANSYLVANIA WOMEN OFFER-ED DEVELOPMENT.

Professor E. C. Miller, of the Department of Mechanical Drawing of Transylvania College, has been asked to recommend women students for training work by the H. Koppers Coke Oven Plant at Lorain, Ohio. The letter from the company states that the women can do the work more quickly than men and that they will be paid the same salary as male employees.

Not only was Prof. Miller offered employment for any of his women students now qualified to accept it, but future graduates were assured of profitable employment when ready to accept it. Four years ago the Koppers plant would not employ women in their drafting department.

## Rough Roads for Wheels Are Smooth Roads for Passengers

**WATCH** Overland 4 on rough cobbles or unpaved roads. The wheels follow surface inequalities, but the new *Triplex Springs* give car and passengers remarkable riding steadiness.

They give 130-inch *Spring-base* to a car of 100-inch wheelbase.

This makes for the gently

buoyant road action of a large, heavy car with the economy in upkeep, fuel and tires, and convenience of handling of a scientifically designed light car.

Auto-Lite starting and lighting, door-opening curtains and dash light give but a hint of the completeness and quality which characterize everything about Overland 4.

### TRANSYLVANIA COLLEGE GETS ANOTHER LIBRARY.

Transylvania College has received another library, the gift of Dr. A. Busk, of New York, who has presented about 250 volumes of medical books, including the ancients, as well as the moderns, from the times of Galen Hippocrates to the latest developments in medicine and surgery, to the institution.

Dr. Busk used the old medical books in Transylvania's library in research work for his book, "The Dawn of Modern Medicine," in the preface of which he tells of the great value of Transylvania's old medical books as a connecting link between the medicine of other days and the present.

## MILLERSBURG

Regular meeting of City Council Wednesday evening.  
Regular meeting of Attny Lodge No. 40, F. & A. M., at 7:00 o'clock this evening.

Mr. W. M. Vimont, of Maysville, arrived Thursday as the guest of his mother and sister, Mrs. Martha Vimont, and Miss Florence Vimont.

Mr. William Ritchie, who has been confined to his home in the Bramlette House since his return from the St. Joseph Hospital, Lexington, is able to be out again.

Mr. J. O. Ralls has sold his property recently purchased from Mrs. Mary Whaley, to Mr. Thomas Thorne and mother, who had been occupying the home. Mr. and Mrs. Ralls are not yet located.

For the past several weeks Millersburg has been suffering from a coal famine, which was slightly relieved Saturday, when three cars of coal were received. Unless other cars arrive in a few days the conditions will still continue bad.

**THE SICK**—The many friends of Dr. C. B. Smith will be glad to learn that he is improving nicely at the Massie Memorial Hospital, Paris. We are glad to report that E. M. Engels, R. L. Powell, T. P. Redmon and family are improving nicely. Little Miss Katherine Jones, who has been ill at the home of her grandmother, Mrs. Adah McClintock, for several weeks, with pneumonia, was able to return to her home Sunday.

Mr. William Fulton, who has conducted a larger shop here for the past two months, gave up his shop last week, leaving for parts unknown, as his whereabouts has not yet been learned. A few months ago, Mr. Scott, of Carlisle, father-in-law of Mr. Fulton, purchased the partnership fixtures of Mr. J. C. Cumber, for his son-in-law, Mr. Fulton. As soon as the deal was made Mr. Fulton entered on his work at once in the property of Mr. E. C. Hawkins, and for a time did nicely, when suddenly he left Millersburg, and has not since returned. No special cause has been assigned for his leaving. No Friday, Mr. Scott moved the fixtures from the property to Carlisle. A few days before Mr. Fulton left Millersburg, Mr. E. C. Hawkins sold the property occupied by the Fulton shop to R. S. Letson and J. C. Cumber, who will open a shop in the same building to-day.

Millersburg was overrun with sales Saturday afternoon. The home of Mr. W. G. Sugg was not offered for sale, as advertised, as Mr. Sugg declined to sell at this time. The household effects of Mr. J. H. Collier and the same of Mr. E. T. Sheeler, with his large carpenter outfit was sold, everything bringing good prices, notwithstanding the disagreeable weather, and the fact that the two sales were at different parts of the town. Both of these families are to leave our county in the next few days. Mr. Collier, son and grandson will go to Paris. They are among our most substantial citizens. For the past two years Mr. W. E. Collier has been connected with the Bourbon Lumber Co., of which his brother, Mr. M. P. Collier, is the head. With the death of Mrs. J. H. Collier, in November, 1919, the family was broken up, and they decided to go to Paris, where W. E. Collier will be nearer his business, and can have son and father with him. Mr. E. T. Sheeler, wife, son and daughter, will leave Wednesday, accompanied by his father, Mr. H. A. Sheeler, for Beaumont, Texas, where they will make their future home.

Mr. Sheeler has resided in this community since quite a small boy. We recommend these people to the good people of Beaumont, and wish them much success, in their new home and new field of labor.

The following homes will change occupants this week. Mr. and Mrs. T. W. Current will move from their property on Trigg avenue, to that recently purchased by them from Mrs. W. M. Miller, on Main street. Mrs. W. M. Miller and family have moved from their home on Main street to their property on Main street vacated by Mr. and Mrs. D. L. Leggett. Mr. Thomas Farris and family from the property of Mr. Roy Endicott on Eighth street to farm of Mr. William Wright. Mr. G. L. Hill and family from a part of the home of Mrs. W. M. Miller to the property of Mr. Roy Endicott, vacated by Thomas Farris and family. Mr. and Mrs. James Ellington from their property on Eighth street to their farm recently purchased from Mr. Shroun. Mrs. Henry Patterson and family to their property on Eighth street, vacated by James Ellington and wife, from their farm recently sold to Mr. F. C. Caldwell. Mr. Collier and family from their property recently sold on North Main street, to Mr. James Martin, to Paris. Mr. James Martin and family to his property recently purchased from Mr. Collier, from his farm. Mr. J. W. Markland and family, from the property of Mr. C. C. Chanslor, to the farm of Mr. G. W. Bramlette, near Winchester. Mr. C. C. Chanslor and family, to his property recently vacated by Mr. J. W. Markland from his farm lately sold. Mr. E. T. Sheeler and family, from his property on Vimont street, recently sold to Mr. Wood, of Blue Licks, to Beaumont, Texas. Mr. Bert McClintock and family from his home recently sold to Mr. Toadvine, to Paris. Mr. Toadvine and family to his property recently purchased from Mr. Bert McClintock, on Trigg avenue, from their farm. Mr. G. E. Reynolds and family to his property recently purchased from Mr. T. W. Current, on Trigg avenue, from the home of her father, Mr. E. M. Engels.

## NOTES FROM THE LODGES

The Pythian Sisterhood, the Knights of Pythias auxiliary, will hold an important meeting in the lodge room on next Thursday night, March 4. A full attendance of the membership is earnestly requested.

Rathbone Lodge No. 12, Knights of Pythias, will confer the First Rank on a number of candidates at the meeting to be held in their Castle Hall, in the Wilson building, at the corner of Main and Third streets, next Thursday night. After the business session there will be "something doing," as announced by the Entertainment Committee. All members are urged to take notice of the change of meeting time.

body was sent to Covington, and was brought to this city Saturday morning for burial. The funeral was held at St. Peter's Episcopal church at 10:30 o'clock, with services conducted by Rev. Dr. Clingman, of Covington. The burial followed on the Arnold lot in the Paris Cemetery. The pall-bearers were Charlton Alexander, Hugh Brent, Amos Turney, Jos. Ewalt, Frank Sledd and Garrard Daugherty.

## KLUMP.

Helen Louise Klump, two-months-old daughter of Mr. and Mrs. John Klump, residing near Ruddles Mills, was found dead, evidently from strangulation caused by cold, when her parents awoke early yesterday morning. Coroner Rudolph Davis was notified and conducted an investigation, adducing the child's death to have resulted from accident. Funeral services conducted at the grave in the Jacksonville Cemetery at ten o'clock this morning, by Rev. J. R. Jones.

## BELL.

Miss Elizabeth Bell, aged sixteen, died Friday morning at the Midway Orphan School, after a short illness of pneumonia. She is survived by her mother, Mrs. Mary C. Bell, three brothers, Capt. Ernest Bell, of Chattanooga, Tenn. John Bell, of Belleville, Ark., Robert Bell, of Hutchison, this county, three sisters, Mrs. J. L. Denton, of Paris, Mrs. J. P. Jewell, of Clintonville, and Miss Marietta Bell, of Hutchison.

The body was brought to the Wiehl & Son undertaking establishment in Lexington, from where the funeral was held Saturday, the interment following on the family lot in the Lexington Cemetery.

## CARPENTER.

Mrs. Emma Bagge Carpenter, aged eighty-one, a well-known resident of the Hutchison vicinity, died at the St. Joseph Hospital, in Lexington, Friday afternoon, after a long illness. While standing in front of an open grate at her home on February 14 her clothing became ignited from the flames, inflicting serious burns. She was taken to the St. Joseph Hospital, where she lingered until her death.

The body was brought to her old home, from where the funeral was held Sunday afternoon, with services conducted at the grave in the Paris Cemetery at three o'clock. The pall-bearers were George Jacoby, John Steele, Alonzo Ginn, O. B. Lloyd, C. B. Ecton and J. W. Jacoby.

## INGELS.

Mrs. Agnes Ingels, aged sixty-three, formerly of Paris, who has been residing in Lexington for several years, was struck and killed Friday afternoon by an army truck at Hot Springs, Ark., while endeavoring to cross a street in front of the machine. The full particulars of the accident had not been learned when the news of her death reached here.

Mrs. Ingels was the widow of the late Ben C. Ingels, who was for many years a prominent dry goods merchant of Paris, residing on South Main street. About fifteen years ago, with her family she moved to Lexington, where she had since resided. She went to Hot Springs about two months ago for a visit to her daughter, Miss Belle Ingels, who is engaged in Y. W. C. A. there, and had intended returning to Lexington yesterday. Preparations for her return Tuesday were being made at the time news of the fatal accident was received. Her son, Leslie Ingels, of Lexington, left for Hot Springs, Saturday, immediately upon receipt of the news.

Mrs. Ingels was a woman of high intellectual attainments and during her residence in Paris took a leading part in the literary and social life of the city. She had a large number of warm friends here who heard with the deepest regret of her tragic death and by whom her loss is sincerely mourned.

Mrs. Ingels is survived by three daughters, Miss Belle Ingels, of Hot Springs, Ark., Miss Kate Ingels, teacher in the Lincoln School, at Lexington, Miss Margaret Ingels, engaged in mechanical engineering work in New York, and two sons, Lieut. Ben C. Ingels, in the U. S. Army service, stationed at Atlanta, Ga., and Leslie Ingels, of Lexington.

The body, accompanied by Mr. and Mrs. Leslie Ingels, and Misses Kate and Belle Ingels, arrived in Lexington, Sunday night, and was taken to her late home, 539 Boonesboro avenue. The funeral was held at the residence yesterday afternoon at two o'clock, with services conducted by Rev. Dr. E. T. Edmonds, pastor of the Woodland avenue Christian church, assisted by Rev. Dr. Frank J. Cheek, of Danville. Following the services at the home, the body was brought to Paris where the interment took place on the family lot in the Paris Cemetery at three o'clock.
